

March 27, 2022

Hello all Butternut Schnur Lake Association members,
As spring appears and the snow disappears the BSLA board members take precious time to walk the roads and pick up trash and related items that do not belong naturally. Picking up trash and other items can be ongoing all year long and not necessarily a spring event.

However Dan and Jeanne Patenaude take personal care to get after this task intentionally in the spring!

Thanks to Dan and Jeanne for taking the lead.

I know there are other board members who also participate and my hunch is many of you have the same desire to keep nature clean and pick up as you find.

In order to organize the effort to get as much lakes area roadside coverage as possible Dan and Jeanne are volunteering to lead this organizing effort.

His and Jeanne's plan is to get after this as early as possible in April depending of course on the disappearance of the snow coverage.

If you would like to help by claiming a certain route, or want to know just what route(s) needs help please email Dan and Jeanne.

Appreciate all the membership in working to assist in keeping the Wisconsin Northwoods in the Butternut and Schnur Lakes area beautiful!

Dan and Jeanne Patenaude email is:

jdpaten@gmail.com

Regards,

Rudy Rott

BSLA Board Secretary
